<sup>1</sup> See RECENT DEVELOPMENTS in individual provinces/territories for details on ECDI funds spent on child care.

<sup>2</sup> This figure represents spending on kindergarten.

<sup>3</sup> While Québec shares the same concerns on early childhood development, it does not adhere to this agreement.

<sup>4</sup> Funds are distributed to Child and Family Service Authorities; there is no province-wide strategy for this fund.

<sup>5</sup> \$90,000 was allocated to the Child Development Centre which provides a range of services to both unregulated and regulated child care.

<sup>6</sup> The calculation for percent of funds spent on child care did not include Québec's ECDI allocation.
